### Dr. Udit Raj

Chairman, All India Confederation of SC/ST Organisations  
National President, Indian Justice Party  
Member, National Integration Council (Govt. of India)

B-113, Sarvodaya Enclave, New Delhi-17  
Tel: 011-26960022, Telefax: 011-26534559  
Email: dr.uditraj@gmail.com

To December 2, 2008

The Commissioner, Housing  
A-Block, 1st Floor, Vikas Sadan, INA  
New Delhi

Sir,  
Some DDA Officers, Property Dealers and Agent of ICICI Bank have made a big scandal in DDA Flat Scheme 2008. What they have done is to collect the names and addresses of various persons mainly from Scheduled Caste category and then filled the application forms for DDA Residential Scheme 2008. I have list in possession of more than 100 persons. On behalf of these persons, above gang has managed to get the PAN card issued and the loan amount sanctioned from ICICI Bank for the application amount. An agent of ICICI Bank, Mr. Manish, is believed to have processed more than 2000 cases for the loan. When I telephoned that did he know the person physically for whom he was certifying the loan papers, he got jittery. He told that it is not possible to verify each person physically. Not only agent but even applicants have to sign at different places in loan form.  
More than 100 letters were posted to Jhunjhunu and Jaipur to get verified whether the applicants knew that loan was sanctioned in their name and PAN card was issued for application, a few of them have replied that they did not do that. Somehow, the gang came to know that their corruption was being exposed and they tried to manage, however, succeeded partially. This shows that a big scandal is going to happen. After issue of the letters, Mr. Suresh Kumar Meena B-5/312, Sector-3, Rohini, New Delhi-85 came to my office on 31/10/2008 and started threatening that he would harm to any extend, if workers of Indian Justice Party go further to expose the scandal. The local police of Malviya Nagar Police Station was called and Mr. Suresh Kumar Meena was interrogated by them. Not only this, a complaint was also given to the police vide dated 31/10/2008. The local police showed inability to investigate the matter as the case needs voluminous amount of investigation and advised to approach the crime branch. My office people have asked under Right to Information Act vide dated 5/11/2008 to furnish the names and addresses of Scheduled Tribes applicants, so far, such details have not reached in my office for further verification of the fake applicants.

If this scandal is not investigated or your respected office does not help or informs other agencies to expose this scandal, then it will be next to impossible to stop this scandal once the houses are allotted. The above gang would be in position to manipulate as they have invested crores of money. Kindly inform the concerned agencies to verify atleast Scheduled Tribes applicant before the allotment so that flats go to genuine people only. Till the fake applicants are identified, please do not go ahead with the allotment of flats.

Thanking you,

Yours sincerely,  
Sd/-  
(Udit Raj)

Cc. Mr. Alok Kumar Verma, Joint Commissioner of Police, ITO, New Delhi. Please treat above information as a complaint and get the matter investigated on priority basis.

Sd/-  
(Udit Raj)

# Jesus and Kandhamal

Dr. Udit Raj

After the killing of Laxmananand Saraswati, 23rd August, 2008, violence spread in Kandhamal and in other parts of Orissa. Bajrang Dal and Vishwa Hindu Parishad people were waiting for the opportunity to teach lesson to converted tribals and dalits. Earlier communalism was mainly to do with Muslim community. Christmas is globally celebrated on 25th of December and when last year, mainly converted Christians were preparing for celebration with all pomp and show, this created heart burn among so called caste Hindus and as a result, violence was unleashed. The same forces are threatening to close down Orissa on the eve of this Christmas though the government has warned the strikers not to do so. These perpetrators claim to be champions of non-violence, but in front of whom, weaker or stronger?

Gandhi is known as leader of non-violence but his commitment can't match that of Jesus Christ. When Jesus was being crucified, he said, "Forgive them, they know not what they are doing" Followers of Jesus are being forced to prove what he preached specially in wake of charges against them for converting people through enticement and force. Will the complainants peep in themselves that how much they are non-violent? In fact who can take the pride to forgive, certainly not a weak person but those who are

mighty. After Alexander's invasion and till independence, not a single battle was won by India. Always excuses were given, sometimes invaders were having advanced weaponry and infighting was more or less common in all wars. They are non-violent when they find stronger. If at all their tenets are non-violent, why don't they practise with dalits and now with Christians who are in minority and defenceless. Despite several safeguards to protect Dalits, the atrocities against them are not getting halted. According to Indian National Bureau of Crime Report (2006), 27070 crimes were committed against Dalits, though many go unreported. 13 Dalits are murdered, 5 Dalits homes are burnt and 6 Dalits are abducted every week, 3 Dalit women are raped every day and 11 Dalits are beaten every day and a crime is committed against a Dalit every 18 minutes. Who are the people, becoming so ruthless and whose system prevails where weak are subjected to all kinds of exploitations?

The most pertinent question arises as to why dalits and tribals are not raising their voice against conversion. Situations have under gone change and now a few amongst dalits and tribals are there to articulate their problems. What has to be fathomed is to know the real reasons, why Christians are being attacked? The main reason is that if dalits and

tribals become Christians, who will do the menial and scavenging works. In addition, Hindus' population will get reduced. After embracing Christianity, a dalit known as Jaggu becomes George and Moti becomes Joseph and the like. They learn English which itself empowers them to match psychologically with so called caste Hindus. Incidents like Kandhamal are normally understood in a simplistic way and the reason assigned is proselytization of Dalits and Tribals. In fact, converted Christians over here are well to do and on the eve of Christmas, they put up good quality of arcades and shops and that breeds intolerance. Thus it is not simple religious dispute.

Since British times, Christians established good institutions like Saint Columba's, Jesus & Mary Convent, Saint Stephen's and chains of schools by Saint Xavier's group and Ryan International and other many convent schools, etc. In Rajasthan, Sofia and other convent schools were established by Christians but who studied there, mainly Rajputs and other upper castes. Why Bajrang Dal and Vishwa Hindu Parishad did not raise hue and cry that they were being Christianized? On the contrary, when Bishop Thomas put up school at Kota mainly for dalits and tribals and poor also, these forces targeted to the extent that it

was almost closed and could be saved because of judicial intervention.

A biased reading may suggest that above facts are in favour of Christianity but it is not at all so. The Great Man, Jyotiba Phule, whom Dr. Ambedkar considered his Guru, thanked the British that they could win the war and defeated the Peshwa. He did it for so many reasons and one among them was that had British regime ended, missionary schools would have been shutdown and resulted in total denial of education to dalits and backwards. In the Peshwa's regime, dalits used to hang earthen pots around their necks so that others could spit in them and brooms were tied around their waists to flush their foot prints. Know the feelings and sufferings of those dalits, one will definitely support Jyotiba Phule.

During medieval period in Europe, Church not only embodied religious power but political also. Martin Luther and his colleagues protested and as a result Christianity was reformed. It was so reformed that Bishops and Pastors started serving the lepers and patients. Next to it, they started schools and hospitals. Almost all churches opted for public services and at very many times, erection of churches were the last priority. If Hindu Gurus and upholders of Hinduism want to protect their religion, why can't they do as Christians had done? Well known writer,

Khushwant Singh, aptly wrote that our society has not under-gone change mainly because of Gurus. Imagine how much loss has been done, it is unparalleled. It is better to begin late than never. Instead of blaming Christians and Muslims, why can't Vishwa Hindu Parishad and Bajrang Dal guys start doing what Christians had done to set their house in order.

If Indian Christians are to adhere to the sermons of Jesus, they have to learn and live as per prevailing conditions. Let this Christmas day be celebrated with resolution that how to make their perpetrators non-violent. By gathering forces through different alliances like dalits and tribals and other minorities, they can save themselves. Casteism is prevalent in Christianity also and sometimes it is similar to Hinduism. They too need to set their house in order. All throughout history, caste Hindus have been non-violent whenever they confronted mightier. At the same time, Christian leadership is also responsible for onslaughts and the reason is that so far they have not been in a position to identify foes and friends. The sooner they do it, better it will be, otherwise incidents like Kandhamal will be getting repeated. Another achievement will be to teach the lesson to communal forces, what are they doing with their fellow citizens and country?

(Cont. from Page 8)

## The Second Convention of National ...

6th Five Year Plan (1980-85), the Govt. of India made Special Component Plan (SCP) for Scheduled Castes but UPA government has subordinated it to Scheduled Castes Sub Plan (SCSP). This itself shows that importance which was given earlier for the economic-social development of Dalits is getting secondary treatment. In the union budget of 2007-08 the total plan budget was 2,05,100 crores and allocation for scheduled castes was Rs. 12535.75 crores and thus amount of Rs. 20280.25 crores got diverted and swallowed. Had this amount been utilized for scheduled castes development, 4 crores children could have been educated or about 16 lacks families could

have been provided five acres of land. There should be a National Development Authority at the center and the same set up at state and district level to monitor and plan the utilization of budget.

Resolution No. 6.

The general house passed the resolution that whatever rights Legislature is giving, Judiciary, in the name of activism, is interfering and blocking and in these circumstances it has become an utmost necessity to have reservation in High Courts and Supreme Court. How can Judiciary on its own, snatch away the power of legislature and demand was raised that the position before 1993 should be restored where

executive use to appoint the judges. Nowhere in the world do judges appoint judges and in developed like country, America, President appoints the judges. In article 312 of the Constitution there is a provision for All India Judicial service and it should be introduced immediately so that the participation of Dalits and Adivasis in higher judiciary can be ensured. Another course of action to have balance in judiciary is to constitute a National Judicial Commission comprising of leader of opposition, one member each from Dalits, Backward and Minorities and all appointments and conducts of judges has to be through commission.

## APPEAL TO THE READERS

It is good news for you that the Voice of Buddha will now be published both in Hindi and English so that brothers and sisters who cannot read Hindi find no problem in reading our message. I appeal to the readers to send the subscription amount either through draft or moneyorder in favour of 'Justice Publications' at B-113, Sarvodaya Enclave, Opp. IIT Gate, Aurobindo Marg, New Delhi-110017. Sometimes, it might happen that you don't receive the Voice of Buddha. In that case kindly write to us and check up with the post office also. As we are facing financial crisis to run it you all are requested to send the subscription.

Subscription fee

Five years : Rs. 400/-

Three years : Rs. 250/-

One year : Rs. 100/-

The amount can be remitted preferably by draft or money order. However, cheque can also be remitted in case of any difficulty, in favour of 'Justice Publications', B-113, Sarvodaya Enclave, Opp. IIT Gate, Aurbindo Marg, New Delhi-110017.

# VOICE OF BUDDHA

Publisher: Dr. UDIT RAJ (RAM RAJ), Chairman - Justice Publications, B-113, Sarvodaya Enclave, New Delhi-110017, Tel: 26960022, Telefax: 26534559

● Year : 12

## Dr. Udit Raj exposed DDA scam

The Delhi Development Authority (DDA) was established with the concept to fulfil residential needs of lower income and common people. However, this objective was never achieved. Over a period, the DDA turned to be source of money making by rich people and dealers. So far, dilution of reservation in services is known but this scam has proved that reserved category's rights are more stifled in the DDA and like authorities. One of the dealers, Deepak Kumar, approached Dr. Udit Raj in the month of September-October 2008 and gave information that fake applications were being submitted in DDA in Residential Scheme 2008 for flats. Why did they do, is that flats are further sold at high premium ranging in lakhs. Complainant Deepak Kumar gave some dummy forms in which names and addresses of applicants from Scheduled Tribe Category were jotted roughly. Letters were dispatched to the addressee to verify in some districts of Rajasthan like Jhunjunu,

Udaipur, Kotputali etc. In some cases, replies were received back with remarks that they were not aware about it. This created suspicion in the mind of Dr. Udit Raj and he vowed to fight this corruption. One more element was triggering factor for Dr. Udit Raj to expose it and that was to bring about justice to Scheduled Castes and Scheduled Tribes. If Scheduled Castes & Scheduled Tribes had not been cheated in the DDA, so far, hundreds of millionaire would have emerged from these communities as properties like flats, plots, shops are of high value. Imagine, more than 1800 bogus forms were engineered and mostly from Rajasthan in ST category.

As soon as DDA announced this scheme, property dealers became active and procured bogus Permanent Account Number (PAN), caste certificates and other documents from poor Scheduled Tribe people. The application fee was fixed at Rs. 1.5 Lakhs and some banks were authorized to sanction this

amount as loan against a deposit of Rs. 5600. These dealers contributed this amount from their own side and managed the loan against fake documents or on behalf of poor dalits and tribals who agreed to sign on application forms in lieu of a few thousand rupees. At some places, the flats were of very high premium like in Vasant Kunj. An MIG flat in this area could fetch premium of about one crore. Unfortunately, dealers defrauded by making dalits and tribals as tool and thus schemeters from these categories should also not be spared.

When the letters were being dispatched to the addressees, the dealers started threatening. On 31st October 2008, one of them, Suresh Kumar Meena barged into the head office of Indian Justice Party and he became quite unruly. Nearby police station - Malviya Nagar, New Delhi was contacted and he was handed over with written complaint that the police must act and stop the fraud which is going to take

place in DDA. Unfortunately, police let him off. Again Dr. Udit Raj sought information under the RTI Act on 5th November, 2008 and DDA did not cooperate. A letter was written to the Joint Commissioner, Police (Crime), Delhi and to the Housing Commissioner DDA on 2nd December, 2008 and these authorities were well informed that they must track down fake forms or stop the draw which was to take place on 16th December. Had the authorities acted in time, this fraud could have not been happened. Thus, the DDA and police are also responsible. Thanks to the media that the matter got publicized.

In the beginning, it was thought that the scam was mainly in case of Scheduled Tribes but when a retire official of DDA was caught, revelation came out that he managed to defraud about 1200 applications in the Category of Scheduled Castes and those were mainly from Bulandshahar, Jharkhand and some of the areas of U.P. Since the fraud has been

exposed now the real dalits will get the flats and economic gains will range in crores. In this way, Dr. Udit Raj serves the interest of this deprived community which, perhaps, no other dalits activists could have done.

Unearthing of this DDA scam has to do with well being of all citizen but it is also service to SCs and STs. Dalit leaders are hardly capable to galvanize such issues. Firstly, they have limitations to understand financial complexities. Secondly, their activities are confined to their specific interests like vote bank, rallies and seminars. Economic empowerment is very essential and this act of Dr. Udit Raj will definitely help dalits and tribals economically. So far, many dealers and connected officers have been arrested and many more are likely to be and this will work as a deterrent measure for property dealers that in future if they try to fudge in the SC/ST category, there are leaders like Dr. Udit Raj who will catch them. Indeed, this is a great service to the nation.

## The Second Convention of National Dalit Front

The second convention of National Dalit Front (NDF) was held at Ravindralaya, Lucknow on 13th January, 2009. Leaders from all over the country participated and expressed their views. The Front President, Shri Ram Vilas Paswan, Shri Ramdas Athawale - Working President and Secretary General - Dr. Udit Raj made their speeches and said that today was an historical occasion when important social and political leaders of the country came together at this platform. They did not come only to protect and promote the rights and interests of Dalits and seek participation in important fields where, so far, representation is not there but also to stop further deterioration in various walks of life. They unequivocally expressed that lack of such platform has harmed the interests of dalits and tribals and now onwards all efforts would be made to stop it. After long deliberations and speeches of various leaders, the following resolutions were passed.

### Resolution No. 1.

The House unanimously adopted the resolution that the atrocities against dalits should be put to an end. Despite several safeguards to protect Dalits, the atrocities against them are not getting halted. According to Indian National Bureau of Crime Report (2006), 27070 crimes were committed against Dalits, though many go unreported. 13 Dalits are murdered, 5 Dalits homes are burnt and 6 Dalits are abducted every week, 3 Dalit women are raped every day and 11 Dalits are beaten every day and a crime is committed against a Dalit every 18 minutes. The Uttar Pradesh Govt. has been meddling with Prevention of SC/ST Atrocities Act, 1989, one time by deleting the number of crimes from the list of atrocities and now by issuing order that if a complainant is found misusing the law, he will be punished; hence dominant castes will now punish dalits doubly. This was demanded that this law should be strictly implemented and Central Govt. must intervene and stop U.P.

Govt. from doing so.

### Resolution No. 2.

It was unanimously resolved that reservation must be extended in private sector. The Union Government appointed a committee of ministers which finally recommended to amend the Constitution to give reservation in private sector. In the beginning of its tenure, the UPA government built pressure and as a result, the Confederation of Indian Industries (CII) and Associated Chambers of Commerce (ASSOCHAM) set up a committee which recommended to provide education and training and to make dalits entrepreneurs, however, complacency on the part of government, eventually has released the pressure and now industrialists have almost retracted. The baseless argument that it will hamper productivity and efficiency has no force, rather it will increase and cue can be taken from Malaysia, Switzerland, USA etc where there is reservation in private sector.

### Resolution No. 3.

The general house resolved that no design to divide dalits on the line of caste identity or to form caste based organization by some dalit politicians and organizations will be tolerated. This is not only defeating the ideology of Dr. Ambedkar and diluting the right consciousness but also facilitating old age prejudices of so called dominant castes to exploit us further. We were divided by others and they still do so but when we do the same, it is more harmful and dangerous. Thus NDF vows to unite all dalits and tribals under one umbrella, not only to protect and promote the interests of dalits in those fields also where, so far, participation is not there but also to strengthen the unity and integrity of the country. Unless and until dalits are integrated into all important spheres, the overall development of the country will continue to be hampered.

### Resolution No. 4.

The Convention adopted the resolution that ever since reservation is in vogue, no law

is there to implement reservation effectively. A few policy makers and bureaucrats, who are prejudiced, get ample opportunity to flout its implementation. Had there been an effective and codified law, participation of dalits could have been much more. Reservation bill was introduced in Rajya Sabha in December, 2004 which was referred to the Parliamentary Standing Committee on Personnel, Public Grievances, Law and Justice headed by Shri E.M. Sudershan Nachiappan. The Committee presented the report to the Rajya Sabha on 26.7.2005 and laid it on the table of the Lok Sabha on the same day. Yet, it has not been passed in Parliament till date. It is strongly urged from the govt. to pass it in this Parliament session.

### Resolution No. 5.

It was resolved that budget amount according to the population of dalits should be spent only for their social-economic development as per Special Component Plan. In the
